Custom Fan Engineering

Tailored Solutions for Specific Applications

Company Name:		Email:	
Contact Person:		Phone/WhatsApp:	
Country:		Application/Industry:	
Quantity:		Date:	

Parameters	Specifications
1. Airflow (m^3/h)	
2. Pressure (Pa)	
3. Medium Temperature （° C）	
4. Medium Composition	
5. Density (kg/m^3)	
6. Motor Brand Preference	
7. Electrical Parameters	V Hz
8. Explosion-proof Requirement	☐ NO ☐ BT4 ☐CT4 Others:
9. Fan Rotation Direction	
10. Altitude	

- Not sure about a value? That's perfectly fine. Share what you know, and our engineers will help with the rest.
- Parameters are for engineering reference; the final design is confirmed in writing before production.
